

SPICE RACK

Follow these simple steps to safely install the Spice Rack into your BBQ Island. Proper installation ensures safe operation and optimal durability.

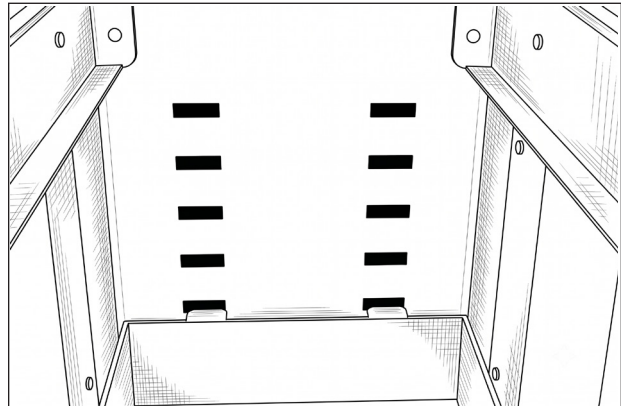

1. INSTALL SHELVES

After unboxing your Videl Spice Rack, carefully extend all three shelves & set the drawer boxes into the adjacent support frames.

2. POSITION THE SHELVES

Locate the tabs holes at the back of the rack, and confirm the shelves are positioned at the desired height.

3. HOW TO ADJUST THE DRAWERS

To adjust the shelf height, push the back frame inwards, while lifting the drawer box & frame up. Insert the built-in shelf tabs into the tab holes at the desired height.
